About

A new public inquiry into support for older Victorians from culturally diverse backgrounds is seeking community input.

The Legal and Social Issues Committee wants to hear from community members and organisations about the adequacy of Victorian support services and challenges faced by older Victorians. Issues being examined include social isolation, civic participation, digital literacy, elder abuse, and access to aged care and home care services. The inquiry is also exploring ways to improve the overall physical and mental health and wellbeing of older Victorians from culturally diverse backgrounds.
