NOTICE OF MOTION:—

- *1. MR. PENNINGTON: To move, That as clause 17 of the Financial Emergency Continuation Bill providing for the extension of the duration of the *Education (Fees) Act 1932* could not be proceeded with for the reason that it failed to receive the sanction of a preliminary resolution in Committee of Ways and Means on the 6th July last, and in view of the facts that such resolution failed to pass by two votes only, and that some Members indicated that they voted against the resolution because the existing Act would not expire until the 31st December, 1933, before which time the matter could again be considered in the light of the then financial position of the State, and that the financial position of the State is such that it is expedient that the duration of the said Act should, with certain concessions, be extended, and in order, so far as may be necessary, to enable the said Committee to consider a resolution in most respects similar to the preliminary resolution which failed to receive their sanction on the 6th July last, this House suspends Standing Order No. 58 so far as to allow the matter to be submitted for reconsideration.

WEDNESDAY, 8TH AUGUST, 1934.

Questions.

1. MR. HYLAND: To ask the Honorable the Minister of Agriculture if, in view of the parlous condition of the herd-testing associations in Victoria, he will ask the Commonwealth Bank Board to increase its grant.
2. MR. HOLLAND: To ask the Honorable the Premier—
 1. Whether, as the promoters intend bringing a number of American cowboys and cowgirls, champion "bronco busters," and Mexican axe-throwers to Melbourne to take part in the proposed Centenary rodeo, the Centenary Celebrations Council, by accepting the event as an item on the Centenary programme, is countenancing a system of foreign contract labour, apart from any consideration of cruelty to animals, which noted authorities assert is inseparably associated with such events.
 2. If any number of performers could be found in Australia to take part in the event without the importation of foreigners.
3. MR. HOLLAND: To ask the Honorable the Treasurer—
 1. Whether it is a fact that the sum of approximately £350,000 of taxation revenue or any other sum in Suspense Account or elsewhere was not wholly accounted for in the estimated Budget deficit of £795,000.
 2. If so—(a) what is the amount so unaccounted for; (b) was this amount overlooked (either wholly or in part) when preparing statements for submission to the House regarding the financial position of the State during the passage of the Financial Emergency (Continuation) Act; (c) how is it intended to account for the amount referred to; and (d) did Cabinet know of this or any other amounts not wholly accounted for prior to the passing of the Financial Emergency (Continuation) Act.
 3. If the answer to paragraph (b) is in the affirmative, how would the financial position have been affected if the amount had been taken into consideration.
 4. For what purpose or purposes or in what manner is the recent grant from the Commonwealth to this State being used.
 5. If it is intended to use, either wholly or in part, any of the amounts referred to in the foregoing questions to relieve taxation or for any other form of relief; if so, what are the details of the proposals.
4. MR. HOLLAND: To ask the Honorable the Treasurer if he will inform the House, concerning the public debt of Victoria—
 1. The total individual holdings between £10-£500; £501-£1,000; £1,001-£5,000; £5,001-£10,000; £10,001-£25,000; £25,001-£50,000; £50,001-£100,000; £100,001-£250,000; £250,001-£500,000; £500,001-£1,000,000; and over £1,000,000 respectively.

THE HISTORY OF THE UNITED STATES

The history of the United States is a story of growth and change. It begins with the first settlers who came to the continent in search of a better life. They found a land of opportunity, but also a land of conflict. The struggle for independence was a long and difficult one, but it was worth the effort. The new nation was born, and it grew. It expanded its territory, and it developed its institutions. It became a land of freedom and democracy, a land where every man was equal before the law. The history of the United States is a story of progress and achievement. It is a story of a people who have overcome many challenges and who have built a great nation. The history of the United States is a story of hope and possibility. It is a story of a people who have the courage to dream and the strength to make their dreams a reality.
