Mr Richard Willis
Select Committee on Public Land Development
Parliament House
EAST MELBOURNE 3002

19 MAR 2008

Dear Mr Willis

I refer to your letter dated 1 February, 2008 regarding my evidence at the Select Committee on Public Land Development and subsequent correspondence. I am now in a position to provide answers to the matters which I took on notice, as set out in your letter. I had been asked to provide:

- A list of proposals before Parks Victoria to develop structures on Crown land for the last two years.
In answer to this question, I would note that the question is outside the terms of reference of the Select Committee but to assist the Committee, I enclose a copy of Parks Victoria's Annual Report 2006-2007 and refer to page 33 which lists facilities which have been improved and developed during that time.
- Whether Section 7 (1) (b) of the Parks Victoria Act relates to land not owned by the state, and whether there are any examples.
In answer to this question, I would note that the question is outside the terms of reference of the Select Committee.

I have reviewed the relevant parts of the transcript of my evidence forwarded to me and do not wish to make any amendments.

Yours sincerely

A handwritten signature in black ink, appearing to read "Mark Stone".
