Canterbury Girls' Secondary College

ESL Hawthorn Campus Convenor, Swinburne TAFE

The Music Program at Canterbury Girls' Secondary College is vital to the ethos and integrity of the school and it would be extremely detrimental to the students should this program be diminished due to Government funding cuts. I have three girls who have attended CGSC and the following music programs have been an important part of their education and co-curricular lives: - instrumental tuition (violin and flute) choir- senior strings ensemble- Dance Drama festival (yearly) - Choral festival (yearly) Musical events such as Dance Drama and Chorals unite the school in ways that no other events do, because girls come together in their Houses to compete musically. Please DO NOT cut our school music program.
