CHAPTER 1: APPOINTMENT OF A PERSON TO CONDUCT
THE FINANCIAL AUDIT OF THE VICTORIAN
AUDITOR-GENERAL’S OFFICE

1.1. Legislative requirements

The Audit Act 1994, as amended, requires that an independent financial auditor be appointed for a period of three years to conduct annual financial audits of the Victorian Auditor General’s Office (VAGO). The Public Accounts and Estimates Committee (‘the Committee’) is responsible under the Act for recommending, to both Houses of Parliament, the appointment of a suitably qualified person to undertake the financial audit.

Section 17 of the Audit Act 1994 provides in part that:

(1) A person may be appointed by resolution of the Legislative Council and the Legislative Assembly, on the recommendation of the Public Accounts and Estimates Committee of the Parliament, as an independent auditor of the Victorian Auditor General’s Office.

(2) An appointment –

(a) must not be made for a period exceeding 3 years, but may be renewed; and

(b) may provide for the payment of remuneration.

(3) Remuneration payable under the appointment shall be paid out of the Consolidated Fund which is to the necessary extent appropriated accordingly.

(4) The function of the independent auditor is to carry out audits of the Victorian Auditor General’s Office in accordance with this Part.

Another relevant provision is Section 18 of the Audit Act 1994 which relates to the report that the independent auditor may choose to make to Parliament. Such a report may include recommendations for the more effective, efficient and economic operation of VAGO.

While sections 17 and 18 do not explicitly state what the audit comprises, the Audit Act 1994 defines an audit as including ‘an examination and inspection’. The audit is therefore intended to comprise an audit of VAGO’s annual financial statements and the expression of independent professional opinions on these statements, attesting to their fair presentation in line with professional reporting standards and processes.
1.2. Selection process

On 22 March 2010, the Committee approved a detailed tender brief (Appendix One) for a financial auditor of VAGO. This tender brief also contains the proposed terms and conditions and remuneration of the appointment. The Committee approved the placing of advertisements in major newspapers, namely, *The Age*, *The Australian* and *The Australian Financial Review* on 31 March 2010. In addition, an advertisement was placed as part of a composite advertisement for Victorian Government tenders in the *Herald Sun* on 7 April 2010 and a related advertisement was placed on the website, tenders.vic.gov.au.

The closing date for submissions was 4:00pm, AEST, 20 April 2010.

On 22 March 2010, the Committee approved the establishment of a tender evaluation sub-panel to assist the Committee’s Audit Sub-Committee on tender assessment. The tender evaluation sub-panel comprised:

- Mr Bob Stensholt MP, Chair, Public Accounts and Estimates Committee;
- Mr John Mascarenhas, Manager, Accounting & Administration, Department of Parliamentary Services;
- Ms Charu Saxena, Manager, Budget & Risks, Department of Parliamentary Services; and
- Ms Valerie Cheong, Executive Officer, Public Accounts and Estimates Committee.

The Committee received one tender for the financial audit.

1.3. Previous arrangements

In 2007, Mr Terry Benfold, a partner of Pitcher Partners was appointed to undertake financial audits of VAGO for three financial years.
Chapter 1: Appointment of a Person to Conduct the Financial Audit of the Victorian Auditor-General’s Office

1.4. Financial auditor’s role

The independent financial auditor role is to:

- conduct an audit of VAGO’s financial statements for the next three years beginning with the year ending 30 June 2010;

- form an opinion as to whether the financial statements of VAGO present fairly the financial position of the Office as at the end of each financial year and its financial performance and cash flows for each financial year in accordance with applicable Accounting Standards and other mandatory professional reporting requirements; verify that such statements comply with the financial reporting requirements of the Financial Management Act 1994, as amended, and relevant provisions of any successor legislation to that Act;

- form an opinion on the processes used by VAGO in the preparation of its accounts;

- conduct the audit in compliance with the Audit Act 1994, Australian Auditing Standards and professional reporting requirements;

- prepare an appropriate methodology for each year’s audit which may include risk-based principles, controls-based testing, analytical reviews, adequacy of financial reporting systems and other procedures to ensure a professional audit is undertaken in compliance with Australian auditing standards;

- meet on a regular basis with the VAGO Audit Committee to discuss, clarify and resolve issues and findings;

- consult as the independent auditor thinks fit with the Chair of the Committee and/or the Audit Sub-Committee of the Committee;

- evaluate the progress, adequacy and effectiveness of measures implemented by VAGO to address issues and recommendations that accompanied the previous financial year’s audit opinion;

- prepare a management letter and/or operations letter to VAGO;

- prepare as the auditor thinks fit, a report to Parliament that may include such information and such recommendations for the more effective, efficient and economic operation of VAGO; and

- submit to the Committee a report on the conduct of the independent financial audit including details of meetings with the Auditor General and VAGO and auditing issues dealt with during the audit.
1.5. **Timelines and key deliverables**

Specific Committee expects the following reports to be provided by the financial auditor for audits conducted for the financial years ending 30 June 2010, 30 June 2011 and 30 June 2012:

(a) Prior to the commencement of each audit, the auditor will provide an audit plan and methodology to the Committee for comment.

(b) The auditor will provide a progress report to the Committee within five weeks of the commencement of the audit.

(c) Following the conduct of the audit, the auditor may, if the auditor thinks fit, under section 18 of the Audit Act 1994, make a report on the audit, including recommendations for the more effective, efficient and economic operation of VAGO, for transmission to Parliament.

(d) In relation to the audit for the financial year ended 30 June 2010, the auditor’s preliminary report and audit opinion including a copy of a proposed management letter and/or operations letter will be provided to the Committee and Auditor General by 29 July 2010.

(e) The auditor’s finalised report and audit opinion including a copy of the final management letter and/or operations letter will be provided to the Committee as soon as completed and prior to the inclusion of the audit opinion in the Auditor General’s annual report to the Parliament.

(f) The auditor will also submit to the Committee a report on the conduct of the independent financial audit including details of meetings with the Auditor General and VAGO and auditing issues dealt with during the audit together with the auditor’s final report, audit opinion and management and/or operations letter outlined in paragraph ‘c’ above.

(g) In relation to the audit for the financial year ended 30 June 2010, the final audit opinion is to be transmitted to Parliament via its inclusion within the Auditor General’s 2009-10 Annual Report by no later than 12 August 2010.

Specific timeframes for the following two financial years will be agreed with the Committee prior to the commencement of the audits for each of those two years.
1.6. Recommended appointment

After examining the evaluation approach and assessments made by the tender evaluation sub-panel, the Committee resolved to recommend the appointment of Mr Peter Sexton to conduct the financial audit of VAGO. Mr Sexton is a principal of WHK Howarth Melbourne, part of WHK Group Limited, a public listed company. Mr Sexton provided a conforming tender, is a member of the Institute of Chartered Accountants and is a registered company auditor. The Committee considers that Mr Sexton has good experience in auditing and demonstrated a relevant audit approach and understanding of the responsibilities demanded of a financial auditor of VAGO.

The Committee supports that Mr Sexton be appointed for a period of three years at the fixed fees tendered for each year, as outlined in the recommendation below.

1.7. Recommendation

The Committee recommends that:

Recommendation 1: In accordance with section 17 of the Audit Act 1994, as amended, the Legislative Council and the Legislative Assembly appoint Mr Peter Sexton of WHK Howarth Melbourne for a period of three years:

(a) to conduct the financial audit of the Victorian Auditor-General’s Office for the financial years ended 30 June 2010, 30 June 2011 and 30 June 2012;

(b) in accordance with the Terms and Conditions and Remuneration of a Person Appointed by the Parliament of Victoria pursuant to Section 17 of the Audit Act 1994, as appended to the relevant Tender Brief in Appendix One of this Report;

(c) at the following fixed fee levels of remuneration:
   - $29,750 (plus GST for audit services for the year ended 30 June 2010);
   - $30,600 (plus GST for audit services for the year ended 30 June 2011); and
   - $32,200 (plus GST for audit services for the year ended 30 June 2012).

This recommendation, chapter and this full report were adopted by the Public Accounts and Estimates Committee at its meeting held 3 May 2010.
CHAPTER 2: APPOINTMENT OF A PERSON TO CONDUCT THE PERFORMANCE AUDIT OF THE VICTORIAN AUDITOR-GENERAL AND THE VICTORIAN AUDITOR-GENERAL’S OFFICE

2.1. Legislative requirements

The Audit Act 1994, as amended, requires that a performance audit be conducted of the Victorian Auditor-General’s Office (VAGO) at least once every three years. The Public Accounts and Estimates Committee (‘the Committee’) is responsible under the Act for recommending to both Houses of Parliament, the appointment of a suitably qualified person to undertake the performance audit.

Section 19 of the Audit Act 1994 states in part that:

(1) An audit shall be conducted under this section at least once every 3 years to determine whether the Auditor-General and the Victorian Auditor-General’s Office are achieving their objectives effectively and doing so economically and efficiently and in compliance with this Act.

(2) An audit under this section shall be conducted by a suitably qualified person appointed by resolution of the Legislative Council and the Legislative Assembly, on the recommendation of the Parliamentary Committee.

(3) A person appointed under this section –

(a) shall be appointed on such terms and conditions and is entitled to such remuneration as are determined by the Parliamentary Committee; and

(b) in conducting the audit, must comply with directions as to the audit given by that Committee.

(4) the remuneration payable to a person appointed under this section shall be paid from money appropriated to the Parliament.

2.2. Selection process

On 22 March 2010, the Committee approved a detailed tender brief (Appendix Two) for a performance auditor of the Auditor-General and VAGO. This tender brief also contains the proposed terms and conditions and remuneration of the appointment. The Committee approved the placing of advertisements in major newspapers, namely, The Age, The Australian and The Australian Financial Review on 31 March 2010. In addition, an advertisement was placed as part of a composite advertisement for Victorian Government tenders in the Herald Sun on 7 April 2010 and a related advertisement was placed on the website, tenders.vic.gov.au.

The closing date for submissions was 4:00pm, AEST, 20 April 2010.
On 22 March 2010, the Committee approved the establishment of a tender evaluation sub-panel to assist the Committee’s Audit Sub-Committee on tender assessment. The tender evaluation sub-panel comprised:

- Mr Bob Stensholt MP, Chair, Public Accounts and Estimates Committee;
- Mr John Mascarenhas, Manager, Accounting & Administration, Department of Parliamentary Services;
- Ms Charu Saxena, Manager, Budget & Risks, Department of Parliamentary Services; and
- Ms Valerie Cheong, Executive Officer, Public Accounts and Estimates Committee.

The Committee received two tenders for the performance audit.

2.3. **Previous arrangements and audit outcomes**

In 2007, Mr John Phillips, of Acumen Alliance was appointed to undertake the performance audit of the Auditor-General and VAGO.

Mr Phillips concluded in his 2007 report to Parliament that significant organisational and operational change was experienced by VAGO between the departure of the previous Auditor-General, Mr Wayne Cameron and the commencement of the current Auditor-General, Mr Des Pearson. In the main, Mr Phillips found that up to the period of the 2007 audit:

- the Auditor-General and VAGO complied with the legislative objectives, undertaking the audit mandate in accordance with the Act and Australian Auditing Standards and achieving their objectives;
- VAGO operated in compliance with the Act; and
- the Auditor-General and VAGO operated effectively, economically and efficiently by reference to Audit Offices in other jurisdictions.

Mr Phillips expressed support for a number of initiatives introduced by Mr Pearson aimed at bringing about permanent improvement in the quality of VAGO’s services.

Mr Phillips made 21 recommendations arising from his audit. His report was structured under 7 headings each representing a key aspect of organisational functioning within VAGO. The spread of recommendations across these headings was as follows:

- Objectives and governance – four recommendations
- Stakeholder relationships – two recommendations
- Strategic audit planning – three recommendations
- Financial audit – one recommendation
- Performance audit – three recommendations
- Business management – two recommendations
- Human resources – six recommendations
Of the 21 recommendations, 18 related to VAGO and were accepted by the Auditor-General. In his formal response to the audit report, the Auditor-General stated that he viewed “the recommendations made as constructive input to the Office’s operations.” The other three recommendations relate to matters regarding possible legislative change.

The majority of the recommendations addressed procedural issues and aimed to build on management practices already in place in VAGO.

The six audit recommendations on human resources represented one-third of the report’s recommendations relating to VAGO. This high proportion reflected the depth of concern expressed by Mr Phillips at the high staff turnover experienced in VAGO (43 per cent in financial audit and 38 per cent in performance audit over the preceding 18 months) which, according to the auditor, has not slowed since 30 June 2007. Mr Phillips concluded that there was scope for VAGO to improve its approach to workforce planning and people management generally and that it faces major challenges in recruiting and retaining suitably qualified and experienced staff.

2.4. Directions for the Performance Auditor

The Committee has drawn attention, in its tender brief, to the Committee’s current Inquiry into Victoria’s Audit Act 1994 (“Audit Act Inquiry”), which includes reviewing the legislative role and functions of the Auditor-General and improving clarity of the Auditor-General’s mandate. It was made clear that the performance auditor’s directions from the Committee contained within the terms of reference of the tender brief do not, therefore, include reviewing areas currently identified within the Audit Act Inquiry for clarifying the Auditor-General’s legislative mandate.

The Committee has directed the person who is appointed as performance auditor to conduct the 2010 audit of the Auditor-General and VAGO in accordance with the following terms of reference:

The Audit Act 1994 provides for the triennial performance audit of VAGO to specifically determine whether the current Auditor-General and VAGO are achieving their objectives effectively and doing so economically and efficiently and in compliance with the Audit Act 1994, as amended. In this context and without limiting the scope of the audit, the following matters should be addressed:

1. Assess the appropriateness of the purpose and objectives set by the Auditor-General in his 2008-09 and 2009-10 Annual Plans and determine the extent to which they are being achieved.

2. Review key performance management issues, including:
   (a) the adequacy and effectiveness of VAGO’s audits in promoting improved performance and accountability as well as efficiency in the Victorian public sector;
   (b) the adequacy and appropriateness of all audit methodologies, practices and procedures and improvements undertaken over the past three years;
   (c) the adequacy and effectiveness of internal systems to measure and improve productivity including cost and resource-use effectiveness within VAGO;
   (d) the adequacy of VAGO’s corporate and business plans in promoting internal effectiveness and efficiency, including future plans for the next three to five years;
(e) the adequacy and effectiveness of the annual planning process, having regard to risk factors and governance arrangements within agencies;

(f) the adequacy of the existing time recording and costing systems to ensure all recoverable costs are collected and that there is no cross-subsidisation between chargeable and non-chargeable functions of the Office; or between performance and financial audits;

(g) the culture of management and workloads and their effect on staff performance, work-life balance and retention rates over the past three years in all VAGO divisions;

(h) whether the recommendations of the previous performance auditor on human resources issues such as workforce planning and people management have been addressed in an effective and sustainable manner (insight on progress achieved from strategies developed for implementing these recommendations should be gained from appropriate sources including original data gathered in staff surveys, an update in data on staff turnover rates since 1 July 2007 up to and including the year ending 30 June 2010 and the conduct of an appropriate confidential staff survey by the successfully appointed performance auditor);

(i) the extent to which best practice in public sector management and auditing has been updated and adopted in the Office over the past three years;

(j) the appropriateness of performance measures and veracity of performance outcomes reported and benchmarks against which the Auditor-General’s Office measures its performance both internally and externally;

(k) whether VAGO continues to comply with Australian auditing standards, including the quality control process associated with contracted audits in both financial and performance audits;

(l) whether audits are supported by adequate plans and work papers, appropriate audit evidence and appropriate quality control procedures; and

(m) conduct of a pricing review on VAGO’s 2010-11 budget to determine adequacy of funding levels provided by Government.

In so doing, ascertain whether the analysis and findings of separate independent pricing reviews undertaken by VAGO for its 2009-10 budget and the Department of Treasury and Finance for its 2010-11 budget can be reconciled in relation to the veracity of VAGO’s budget pressures, the sources of those pressures, revenue sources and appropriate levels of fees and charges, efficiencies in VAGO’s output deliveries and options for achieving efficiencies, productivity and possible savings in the future. Efficiencies will include any strategies to manage the future increased costs and the usual quantum of financial audits and performance audits.
3. Review the efficiency and effectiveness of the management and conduct of performance audits (both broad scope and limited scope) undertaken by the Victorian Auditor-General’s Office, with particular attention to:

(a) the adequacy and effectiveness of measures taken by VAGO since the previous performance audit of VAGO in 2007 to address specific areas contained in the significant finding that ‘performance audits undertaken during the review period have not been conducted as efficiently and as effectively as VAGO would have liked, particularly in the areas of scope and definition of assessment criteria, control of cost and timelines and management of communications with agencies’;

(b) the extent to which the selection criteria for performance audits ensures key risk areas and major programs within the public sector receive adequate coverage;

(c) the adequacy of the rationale supporting the selection of potential performance audit topics;

(d) the effectiveness of the planning and management of performance audits;

(e) the adequacy of the investigative process and quality control procedures to support conclusions arising from the performance audits;

(f) whether significant issues that arise during the course of a performance audit that were not identified in audit plans are adequately and effectively considered in a timely manner and addressed;

(g) confidentiality of audit processes (eg in terms of information leaks);

(h) the impact of undertaking a considerable number of performance audit reports on sustaining staff motivation and whether ‘in-house’ benefits of gaining an in-depth knowledge on a subject area and related issues have been sustained;

(i) flowing from point (h), any instances of pressures from adherence to time and cost budgets significantly curtailing planned audit activity and impacting on the depth of issues reported to Parliament;

(j) compliance with statutory requirements for the conduct and reporting of performance audits;

(k) the appropriateness of the mix between specialist expertise, contractors and suitably qualified in-house staff in undertaking particular performance audits;

(l) the appropriateness of criteria against which the efficiency and effectiveness of performance audits conducted by the Office are measured; and

(m) assessing, through the gathering of relevant evidential materials, the veracity of comments formally communicated to the Committee during the Audit Act Inquiry by the Department of Treasury and Finance that, ‘recent audit practice has shown that the focus of audit reports has been on matters of compliance…(rather than) on matters of performance’.
4. Review the efficiency and effectiveness of the management and conduct of financial audits undertaken by the Victorian Auditor-General’s Office, with particular attention to:

(a) initiatives taken by VAGO to expand the reporting to Parliament of financial audit issues;

(b) the extent to which the selection criteria for financial audits ensure key risk areas entailed with an entity’s financial operations are addressed and the appropriateness of the criteria;

(c) the effectiveness of the planning, management and resourcing for financial audits;

(d) the adequacy of the investigative process and quality control procedures to support conclusions arising from the financial audits;

(e) whether significant issues that arise during the course of a financial audit that were not identified in audit plans, are adequately and effectively considered in a timely manner and addressed;

(f) the impact of undertaking a considerable number of financial audit reports on sustaining staff motivation and whether ‘in-house’ benefits of gaining an in-depth knowledge on a portfolio area and related issues have been sustained;

(g) compliance with statutory requirements for the conduct and reporting of financial audits;

(h) the appropriateness of the mix between specialist expertise, contractors and suitably qualified in-house staff in undertaking particular financial audits and the soundness of VAGO’s quality review practices; and

(i) the appropriateness of criteria against which the efficiency and effectiveness of financial audits conducted by the Office are measured.

5. Review the newly introduced system of sector reports against financial audits performed, with particular reference to:

(a) their usefulness and appropriateness as a reporting format;

(b) their content, including possible overlap with performance auditing or evaluation / review activities of the State Services Authority or central agencies (eg Department of Premier and Cabinet and Department of Treasury and Finance); and

(c) the budget implications of preparing such reports.

6. Assess the soundness of processes followed by VAGO for periodic client surveys (including members of Parliament and audit clients). Evaluate the results of such surveys and determine if an additional independent survey should be conducted.

7. Evaluate the progress, adequacy and effectiveness of measures implemented by VAGO to address recommendations contained within the 2007 performance audit report of VAGO.

8. Ascertain whether the existing processes for evaluating tenders from private audit contractors and consultancies are conducted with due regard to probity and value for money.
9. Determine the scope, quality and effectiveness of the internal audit function within the Auditor-General’s Office.

The report of the performance audit should:

- specify the performance measures and benchmarks (both qualitative and quantitative) against which the Victorian Auditor General’s Office was measured and assessed;
- provide an opinion on the Victorian Auditor General’s Office’s compliance with Australian auditing and accounting standards;
- detail the basis for findings and conclusions and include clear and meaningful recommendations linked to findings that are capable of implementation to effect improvement where deemed possible/desirable;
- provide an overall opinion as to whether the Victorian Auditor General’s Office is achieving its objectives effectively, economically and efficiently and in compliance with the Audit Act 1994, as amended; and
- give adequate visibility to any leading edge initiatives introduced by the Auditor General over the last three years which have contributed to enhanced performance by VAGO in serving the needs of Parliament.

2.5. Timelines and key deliverables

The Committee expects the performance auditor’s report to the Parliament and to the Committee to be completed, including:

- draft findings and recommendations contained within a preliminary report (to be presented for comment by the Auditor General and the Committee) by 16 August 2010; and
- a final report transmitted to Parliament, as required by section 19 (9) of the Audit Act 1994, by 15 September 2010.

Other key deliverables and timelines are:

- a proposed audit plan by 14 May 2010; and
- a progress report on the audit by 30 June 2010.

2.6. Recommended appointment

After examining the evaluation approach and assessments made by the tender evaluation sub-panel, the Committee resolved to recommend the appointment of Mr Tom Fazio, a Partner with PKF, Chartered Accountants. Among other factors, the Committee considered that Mr Fazio was able to demonstrate that he has appropriate credentials and relevant strength of experience in performance audits and evaluation. In his proposal, Mr Fazio undertakes to “have full responsibility for reporting to VAGO and the PAEC and for leading the review of VAGO’s performance audit practices.”
2.7. Recommendation

The Committee recommends that:

Recommendation 2: In accordance with section 19 of the Audit Act 1994, as amended, the Legislative Council and the Legislative Assembly appoint Mr Tom Fazio of PKF, Chartered Accountants:

(a) to conduct the performance audit of the Auditor-General and the Victorian Auditor-General’s Office;

(b) in accordance with the Terms and Conditions and Remuneration of a Person Appointed by the Parliament of Victoria pursuant to Section 19 of the Audit Act 1994, as appended to the relevant Tender Brief in Appendix Two of this Report;

(c) at a fixed fee level of remuneration of $200,420 plus GST, plus $1,000 plus GST in capped costs for expenses.

This recommendation, chapter and this full report were adopted by the Public Accounts and Estimates Committee at its meeting held 3 May 2010.
APPENDIX ONE:

TENDER BRIEF ISSUED FOR THE FINANCIAL AUDIT OF THE VICTORIAN AUDITOR-GENERAL’S OFFICE
PUBLIC ACCOUNTS AND ESTIMATES COMMITTEE

Financial Audit of the Victorian Auditor-General's Office

Tender brief

March 2010
Financial Audit

Background and Objective

The Audit Act 1994, as amended, requires that an independent financial auditor be appointed for a period of three years to conduct annual financial audits of the Victorian Auditor-General’s Office (VAGO). The Public Accounts and Estimates Committee (‘the Committee’) is responsible under the Act for recommending, to both Houses of Parliament, the appointment of a suitably qualified person to undertake the financial audit.

Section 17 of the Audit Act 1994 provides in part that:

(1) A person may be appointed by resolution of the Legislative Council and the Legislative Assembly, on the recommendation of the Public Accounts and Estimates Committee of the Parliament, as an independent auditor of the Victorian Auditor-General’s Office.

(2) An appointment –

a) must not be made for a period exceeding 3 years, but may be renewed; and

b) may provide for the payment of remuneration.

(3) Remuneration payable under the appointment shall be paid out of the Consolidated Fund which is to the necessary extent appropriated accordingly.

(4) The function of the independent auditor is to carry out audits of the Victorian Auditor-General’s Office in accordance with this Part.

Section 18 of the Audit Act 1994 relates to the report that the independent auditor may choose to make to Parliament. Such a report may include recommendations for the more effective, efficient and economic operation of VAGO.

Section 18 requires that any such report of the independent auditor must be reported to Parliament after statutory consultation with the Auditor-General. This requirement may be read as applicable to any material matters arising from the financial audit other than the expression of an audit opinion on VAGO’s annual financial statements.

In addition to section 18 relating to a possible report to Parliament on material matters, the Committee requires the independent auditor to provide the Committee with a report covering the work undertaken by the independent auditor including interaction and meetings with the Auditor-General and VAGO and auditing issues dealt with during the audit.

While sections 17 and 18 do not explicitly state what the audit comprises, the Audit Act 1994 defines an audit as including ‘an examination and inspection’. The audit is therefore intended to comprise an audit of VAGO’s annual financial statements and the expression of independent professional opinions on these statements, attesting to their fair presentation in line with professional reporting standards and processes.

The Committee’s objective is to recommend to the Parliament the appointment of a suitably qualified person as financial auditor during the present session of the Victorian Parliament. The duly appointed independent financial auditor is required to conduct a financial audit in accordance with directions contained within the terms of reference, over the next three years. The required reports and timelines are stated on page 3 of this tender brief.
Terms of Reference

The Committee wishes to direct the successful tenderer to conduct the financial audit in accordance with the following legislative context and terms of reference.

The independent financial auditor’s role is to:

(a) request the Service Provider show cause as to why this Agreement should not be suspended or terminated with effect from 14 days; and/or

(b) suspend the operation of this Agreement for a specified period of up to 6 months with 14 days notice; and/or

(c) terminate this Agreement with 14 days notice.

2.10 In exercising its discretion under paragraph 2.9, the Purchaser will take into consideration:

(a) whether the Service Provider has taken or will take measures that, in the reasonable opinion of the Purchaser, are commensurate with the breach or the offence on which the Adverse Assessment is based and can be reasonably expected to prevent such breach or offence from recurring; or

(b) whether the Purchaser is otherwise satisfied that the Service Provider has shown good cause why the Agreement should not be suspended or terminated.

Ethical Purchasing Policy
For a tendering process to which the Ethical Purchasing Policy applies, shortlisted tenderers are required to complete an Ethical Employment Statement.

The Ethical Purchasing Policy provides that the State will not enter into a contract to which the policy applies with any tenderer that cannot satisfy the ethical employment standard.

The ethical employment standard is the requirement for persons that supply or propose to supply goods and services to the Victorian Government to demonstrate to the reasonable satisfaction of the Committee, and in accordance with the requirements of the Ethical Purchasing Policy, that the relevant contracting or tendering entity meets its obligations to its employees under Applicable Industrial Instruments and Legislation at the time a contract is awarded and continues to meet such obligations during the term of that contract.

Details of Applicable Industrial Instruments and Legislation are set out in the Ethical Purchasing Policy located at www.procurement.vic.gov.au

When notified by the Committee, shortlisted tenderers are required to complete sections 1 to 5 of this Appendix Two within the timeframe specified by the Committee.

The Committee will assess whether a tenderer satisfies the ethical employment standard in accordance with the Process Guidelines for Government Buyers. The assessment will be based on:

- any findings against the tenderer by a court, tribunal, commission or board of a breach of an applicable industrial instrument (award or agreement binding on the tenderer), including a finding of a breach of a non-confidential consent order, in the preceding 24 months;
- any convictions under applicable legislation (detailed in the Ethical Purchasing Policy) in the preceding 24 months;
- any current proceedings or prosecutions in respect of a breach of an applicable industrial instrument or an offence under applicable legislation;
- remedial measures implemented to ensure future compliance with applicable industrial instruments and legislation;
- the seriousness of breaches or offences which are the subject of an adverse finding or conviction;
- the number of adverse findings or convictions;
• whether there is a pattern of continued breaches or convictions (including, for the purposes of determining a pattern of continued breaches only, whether there are any current proceedings or prosecutions before a court, tribunal, commission or board); and
• whether remedial measures are commensurate with the breach or offence and in the reasonable opinion of the Committee, can be reasonably expected to prevent such breach or offence from recurring.

The name of the disqualified tenderer will be placed on a register maintained by the Department of Treasury and Finance (the Ethical Employment Reference Register) for a period of 24 months from the date the tenderer is disqualified from the tendering process.

The information in a tenderer’s Ethical Employment Statement will be used to assess whether the tenderer satisfies the ethical employment standard. The Committee may request further details about the information provided by the tenderer in this Ethical Employment Statement.

The Committee will not enter into contracts with tenderers who do not satisfy the ethical employment standard. Such tenderers will be disqualified from the tendering process and their names will be placed on the Ethical Employment Reference Register for a period of 24 months from the date the tenderer is disqualified from the tendering process. Victorian Government Departments may access the Ethical Employment Reference Register for the purpose of determining whether the tenderer has not met the ethical employment standard for other tendering processes, ie has not satisfied the standard in the past.

A tenderer whose name is on the Ethical Employment Reference Register will not be excluded from other government business opportunities solely on the basis that its name appears on the register.

The tenderer will be informed if, in the assessment by the Committee, it has failed to satisfy the ethical employment standard before disqualification occurs. The tenderer will have an opportunity to provide additional information at that time.

APPENDIX TWO:

TENDER BRIEF ISSUED FOR THE PERFORMANCE AUDIT OF THE AUDITOR-GENERAL AND THE VICTORIAN AUDITOR-GENERAL’S OFFICE
Performance Audit of the Auditor-General and the Victorian Auditor-General's Office

Tender brief

March 2010
Performance Audit

Background and Objective

The Audit Act 1994, as amended, requires that a performance audit be conducted of the Victorian Auditor-General’s Office (VAGO) at least once every three years. The Public Accounts and Estimates Committee (‘the Committee’) is responsible under the Act for recommending, to both Houses of Parliament, the appointment of a suitably qualified person to undertake the performance audit.

Section 19 of the Audit Act 1994 states in part that:

1. An audit shall be conducted under this section at least once every 3 years to determine whether the Auditor-General and the Victorian Auditor-General’s Office are achieving their objectives effectively and doing so economically and efficiently and in compliance with this Act.

2. An audit under this section shall be conducted by a suitably qualified person appointed by resolution of the Legislative Council and the Legislative Assembly, on the recommendation of the Parliamentary Committee.

3. A person appointed under this section –
   
   a. shall be appointed on such terms and conditions and is entitled to such remuneration as are determined by the Parliamentary Committee; and
   
   b. in conducting the audit, must comply with directions as to the audit given by that Committee.

The Committee’s objective is to recommend to the Parliament the appointment of a suitably qualified person as performance auditor during the present session of the Victorian Parliament. The successful performance auditor is required to conduct a performance audit in accordance with directions contained within the terms of reference, over the period May 2010 to August 2010 inclusive, with a preliminary report to the Committee and Auditor-General by 19 August 2010 and the final report to be transmitted to Parliament by no later than 2 September 2010.

This tender brief sets out the terms of reference of the performance audit, timelines, key selection criteria and terms and conditions for the appointment of the successful tenderer.

Of relevance is that the Committee is currently conducting an Inquiry into Victoria’s Audit Act 1994 (‘Audit Act Inquiry’), which includes reviewing the legislative role and functions of the Auditor-General and improving clarity of the Auditor-General’s mandate. The performance auditor’s directions from the Committee contained within the terms of reference of this tender brief do not, therefore, include reviewing areas currently identified within the Audit Act Inquiry for clarifying the Auditor-General’s legislative mandate.

Terms of Reference

The Committee wishes to direct the successful tenderer to conduct the performance audit in accordance with the following legislative context and terms of reference.

The Audit Act 1994 provides for the triennial performance audit of VAGO to specifically determine whether the current Auditor-General and VAGO are achieving their objectives effectively and doing so economically and efficiently and in compliance with the Audit Act 1994, as amended. In this context and without limiting the scope of the audit, the following matters should be addressed:

1. Assess the appropriateness of the purpose and objectives set by the Auditor-General in his 2008-09 and 2009-10 Annual Plans and determine the extent to which they are being achieved.

2. Review key performance management issues, including:

   (a) the adequacy and effectiveness of VAGO’s audits in promoting improved performance and accountability as well as efficiency in the Victorian public sector;

   (b) the adequacy and appropriateness of all audit methodologies, practices and procedures and improvements undertaken over the past three years;

   (c) the adequacy and effectiveness of internal systems to measure and improve productivity including cost and resource-use effectiveness within VAGO;

   (d) the adequacy of VAGO’s corporate and business plans in promoting internal effectiveness and efficiency, including future plans for the next three to five years;

   (e) the adequacy and effectiveness of the annual planning process, having regard to risk factors and governance arrangements within agencies;

   (f) the adequacy of the existing time recording and costing systems to ensure all recoverable costs are collected and that there is no cross-subsidisation between chargeable and non-chargeable functions of the Office; or between performance and financial audits;

   (g) the culture of management and workloads and their effect on staff performance, work-life balance and retention rates over the past three years in all VAGO divisions;
whether the recommendations of the previous performance auditor on human resources issues such as workforce planning and people management have been addressed in an effective and sustainable manner (insight on progress achieved from strategies developed for implementing these recommendations should be gained from appropriate sources including original data gathered in staff surveys, an update in data on staff turnover rates since 1 July 2007 up to and including the year ending 30 June 2010 and the conduct of an appropriate confidential staff survey by the successfully appointed performance auditor);

the extent to which best practice in public sector management and auditing has been updated and adopted in the Office over the past three years;

the appropriateness of performance measures and veracity of performance outcomes reported and benchmarks against which the Auditor-General’s Office measures its performance both internally and externally;

whether VAGO continues to comply with Australian auditing standards, including the quality control process associated with contracted audits in both financial and performance audits;

whether audits are supported by adequate plans and work papers, appropriate audit evidence and appropriate quality control procedures; and

conduct a pricing review on VAGO’s 2010-11 budget to determine adequacy of funding levels provided by Government.

In so doing, ascertain whether the analysis and findings of separate independent pricing reviews undertaken by VAGO for its 2009-10 budget and the Department of Treasury and Finance for its 2010-11 budget can be reconciled in relation to the veracity of VAGO’s budget pressures, the sources of those pressures, revenue sources and appropriate levels of fees and charges, efficiencies in VAGO’s output deliveries and options for achieving efficiencies, productivity and possible savings in the future. Efficiencies will include any strategies to manage the future increased costs and the usual quantum of financial audits and performance audits.

3. Review the efficiency and effectiveness of the management and conduct of performance audits (both broad scope and limited scope) undertaken by the Victorian Auditor-General’s Office, with particular attention to:

the adequacy and effectiveness of measures taken by VAGO since the previous performance audit of VAGO in 2007 to address specific areas contained in the significant finding that ‘performance audits undertaken during the review period have not been conducted as efficiently and as effectively as VAGO would have liked, particularly in the areas of scope and definition of assessment criteria, control of cost and timelines and management of communications with agencies’;

the extent to which the selection criteria for performance audits ensures key risk areas and major programs within the public sector receive adequate coverage;

the adequacy of the rationale supporting the selection of potential performance audit topics;
Tender Brief – Performance Audit of the Auditor-General and the Victorian Auditor-General’s Office

(d) the effectiveness of the planning and management of performance audits;
(e) the adequacy of the investigative process and quality control procedures to support conclusions arising from the performance audits;
(f) whether significant issues that arise during the course of a performance audit that were not identified in audit plans are adequately and effectively considered in a timely manner and addressed;
(g) confidentiality of audit processes (eg in terms of information leaks);
(h) the impact of undertaking a considerable number of performance audit reports on sustaining staff motivation and whether ‘in-house’ benefits of gaining an in-depth knowledge on a subject area and related issues have been sustained;
(i) flowing from point (h), any instances of pressures from adherence to time and cost budgets significantly curtailing planned audit activity and impacting on the depth of issues reported to Parliament;
(j) compliance with statutory requirements for the conduct and reporting of performance audits;
(k) the appropriateness of the mix between specialist expertise, contractors and suitably qualified in-house staff in undertaking particular performance audits;
(l) the appropriateness of criteria against which the efficiency and effectiveness of performance audits conducted by the Office are measured; and
(m) assess, through the gathering of relevant evidential materials, the veracity of comments formally communicated to the Committee during the Audit Act Inquiry by the Department of Treasury and Finance that, ‘recent audit practice has shown that the focus of audit reports has been on matters of compliance…(rather than) on matters of performance’.

4. Review the efficiency and effectiveness of the management and conduct of financial audits undertaken by the Victorian Auditor-General’s Office, with particular attention to:

(a) initiatives taken by VAGO to expand the reporting to Parliament of financial audit issues;
(b) the extent to which the selection criteria for financial audits ensure key risk areas entailed with an entity’s financial operations are addressed and the appropriateness of the criteria;
(c) the effectiveness of the planning, management and resourcing for financial audits;
(d) the adequacy of the investigative process and quality control procedures to support conclusions arising from the financial audits;
(e) whether significant issues that arise during the course of a financial audit that were not identified in audit plans, are adequately and effectively considered in a timely manner and addressed;
Tender Brief – Performance Audit of the Auditor-General and the Victorian Auditor-General’s Office

(f) the impact of undertaking a considerable number of financial audit reports on sustaining staff motivation and whether ‘in-house’ benefits of gaining an in-depth knowledge on a portfolio area and related issues have been sustained;

(g) compliance with statutory requirements for the conduct and reporting of financial audits;

(h) the appropriateness of the mix between specialist expertise, contractors and suitably qualified in-house staff in undertaking particular financial audits and the soundness of VAGO’s quality review practices; and

(i) the appropriateness of criteria against which the efficiency and effectiveness of financial audits conducted by the Office are measured.

5. Review the newly introduced system of sector reports against financial audits performed, with particular reference to:

(a) their usefulness and appropriateness as a reporting format;

(b) their content, including possible overlap with performance auditing or evaluation / review activities of the State Services Authority or central agencies (eg Department of Premier and Cabinet and Department of Treasury and Finance); and

(c) the budget implications of preparing such reports.

6. Assess the soundness of processes followed by VAGO for periodic client surveys (including members of Parliament and audit clients). Evaluate the results of such surveys and determine if an additional independent survey should be conducted.

7. Evaluate the progress, adequacy and effectiveness of measures implemented by VAGO to address recommendations contained within the 2007 performance audit report of VAGO.

8. Ascertain whether the existing processes for evaluating tenders from private audit contractors and consultancies are conducted with due regard to probity and value for money.

9. Determine the scope, quality and effectiveness of the internal audit function within the Auditor-General’s Office.
The report of the performance audit should:

- specify the performance measures and benchmarks (both qualitative and quantitative) against which the Victorian Auditor-General’s Office was measured and assessed;
- provide an opinion on the Victorian Auditor-General’s Office’s compliance with Australian auditing and accounting standards;
- detail the basis for findings and conclusions and include clear and meaningful recommendations linked to findings that are capable of implementation to effect improvement where deemed possible/desirable;
- provide an overall opinion as to whether the Victorian Auditor-General’s Office is achieving its objectives effectively, economically and efficiently and in compliance with the Audit Act 1994, as amended; and
- give adequate visibility to any leading edge initiatives introduced by the Auditor-General over the last three years which have contributed to enhanced performance by VAGO in serving the needs of Parliament.
Proposed timelines and key deliverables

In performing its obligations under this Agreement, the Service Provider must comply with the following (without limiting any of its other obligations under this Agreement):

1. Employment Policy

   (a) The Service Provider must comply with Anti-Discrimination Law.

   (b) The Service Provider and any person engaged in the provision of the Services shall not:

      (i) engage in unethical work practices; or

      (ii) engage employees or sub-contracted workers upon terms and conditions which do not meet industry standards generally applicable in Victoria.

   (c) Where a federal industrial award may apply to the capacity in which an employee is engaged by the Service Provider, or by a sub-contractor, in the provision of the Services, the rates of pay and conditions on which that employee is engaged shall be no less beneficial to the employee than the rates and conditions under that award.

2. Ethical Purchasing Policy

   2.1 Without limiting or derogating from the Service Provider’s obligation to comply with any Law, the Service Provider must satisfy the Ethical Employment Standard at all times during the Term.

   2.2 The Purchaser may make an Adverse Assessment if, at any time during the term of the Agreement:

      (a) a court, tribunal, commission or board makes a finding of serious breach of an Applicable Industrial Instrument against the Service Provider or convicts the Service Provider of a serious offence under Applicable Legislation; or

      (b) a court, tribunal, commission or board makes a finding of a breach of an Applicable Industrial Instrument against the Service Provider or convicts the Service Provider of an offence under Applicable Legislation that is part of a pattern of repeated or ongoing breaches or offences; or

      (c) the Service Provider fails to meet its disclosure obligations under paragraph 2.3.

   2.3 The Service Provider must, on request by the Purchaser’s Representative and within the time period required by the Purchaser’s Representative in writing (which must not be less than 30 days) provide an up-to-date Ethical Employment Statement setting out Full Details of:

      (a) any adverse finding against the Service Provider by a court, tribunal, commission or board in respect of a breach of an Applicable Industrial Instrument;
(b) any conviction by a court, tribunal, commission or board of an offence committed by the Service Provider under Applicable Legislation;

(c) any finding by a court, tribunal, commission or board that the Service Provider has breached a penalty provision of Applicable Legislation; and

(d) any proceeding or prosecution against the Service Provider in respect of a breach of an Applicable Industrial Instrument or an offence under Applicable Legislation instituted since the Commencement Date that has not previously been disclosed to the Purchaser’s Representative.

The up-to-date Ethical Employment Statement may, at the option of the Service Provider, also include details of remedial measures implemented to ensure future compliance with Applicable Industrial Instruments and Legislation.

2.4 The parties acknowledge and agree that:

(a) if this Agreement is terminated pursuant to paragraph 2.9, the Service Provider’s name and details (including its Australian Business Number) will be included in the Ethical Employment Reference Register for a period of 24 months from the date that termination takes effect;

(b) the Victorian Government departments will access the Ethical Employment Reference Register for the purpose of applying the Ethical Purchasing Policy; and

(c) the inclusion of any details in the Ethical Employment Reference Register is one factor in the assessment process of whether a tenderer satisfies the Ethical Employment Standard, and will not automatically exclude the Service Provider from participation in future tender processes.

2.5 In connection with the requirements of the Ethical Purchasing Policy, the Service Provider will:

(a) permit an accountant or auditor on behalf of the Purchaser from time to time during ordinary business hours and upon reasonable notice, to inspect and verify all records maintained by the Service Provider for the purposes of this Agreement; and

2.8 If at any time during the term of the Agreement, the Purchaser notifies the Service Provider in writing that it has made an Adverse Assessment pursuant to paragraph 2.2, the Service Provider must, within 14 days of receipt of such notice, or such longer period agreed by the Purchaser, provide a statutory declaration from a director or company secretary of the Service Provider, setting out:

(a) any additional information that in the opinion of the Service Provider is relevant to the Adverse Assessment, including the Service Provider’s grounds for any objection to the Adverse Assessment;

(c) any existing or planned remedial measures that the Service Provider has taken or will be taking to prevent a breach or offence similar to the breach or offence on which the Adverse Assessment is based from recurring.

2.9 Following receipt of the statutory declaration or expiration of the period described in paragraph 2.8, whichever comes first, the Purchaser may, in its discretion, do one or more of the following:

(a) request the Service Provider show cause as to why this Agreement should not be suspended or terminated with effect from 14 days; and/or

(b) suspend the operation of this Agreement for a specified period of up to 6 months with 14 days notice; and/or

(c) terminate this Agreement with 14 days notice.
2.10 In exercising its discretion under paragraph 2.9, the Purchaser will take into consideration:

Ethical Purchasing Policy

For a tendering process to which the Ethical Purchasing Policy applies, shortlisted tenderers are required to complete an Ethical Employment Statement.

The Ethical Purchasing Policy provides that the State will not enter into a contract to which the policy applies with any tenderer that cannot satisfy the ethical employment standard.

The ethical employment standard is the requirement for persons that supply or propose to supply goods and services to the Victorian Government to demonstrate to the reasonable satisfaction of the Committee, and in accordance with the requirements of the Ethical Purchasing Policy, that the relevant contracting or tendering entity meets its obligations to its employees under Applicable Industrial Instruments and Legislation at the time a contract is awarded and continues to meet such obligations during the term of that contract.

Details of Applicable Industrial Instruments and Legislation are set out in the Ethical Purchasing Policy located at www.procurement.vic.gov.au

When notified by the Committee, shortlisted tenderers are required to complete sections 1 to 5 of this Appendix Two within the timeframe specified by the Committee.

The Committee will assess whether a tenderer satisfies the ethical employment standard in accordance with the Process Guidelines for Government Buyers. The assessment will be based on:

- any findings against the tenderer by a court, tribunal, commission or board of a breach of an applicable industrial instrument (award or agreement binding on the tenderer), including a finding of a breach of a non-confidential consent order, in the preceding 24 months;
- any convictions under applicable legislation (detailed in the Ethical Purchasing Policy) in the preceding 24 months;
- any current proceedings or prosecutions in respect of a breach of an applicable industrial instrument or an offence under applicable legislation;
- remedial measures implemented to ensure future compliance with applicable industrial instruments and legislation;
- the seriousness of breaches or offences which are the subject of an adverse finding or conviction;
- the number of adverse findings or convictions;
whether there is a pattern of continued breaches or convictions (including, for the purposes of determining a pattern of continued breaches only, whether there are any current proceedings or prosecutions before a court, tribunal, commission or board); and

whether remedial measures are commensurate with the breach or offence and in the reasonable opinion of the Committee, can be reasonably expected to prevent such breach or offence from recurring.

The name of the disqualified tenderer will be placed on a register maintained by the Department of Treasury and Finance (the Ethical Employment Reference Register) for a period of 24 months from the date the tenderer is disqualified from the tendering process.

The information in a tenderer’s Ethical Employment Statement will be used to assess whether the tenderer satisfies the ethical employment standard. The Committee may request further details about the information provided by the tenderer in this Ethical Employment Statement.

The Committee will not enter into contracts with tenderers who do not satisfy the ethical employment standard. Such tenderers will be disqualified from the tendering process and their names will be placed on the Ethical Employment Reference Register for a period of 24 months from the date the tenderer is disqualified from the tendering process. Victorian Government Departments may access the Ethical Employment Reference Register for the purpose of determining whether the tenderer has not met the ethical employment standard for other tendering processes, ie has not satisfied the standard in the past.

A tenderer whose name is on the Ethical Employment Reference Register will not be excluded from other government business opportunities solely on the basis that its name appears on the register.

The tenderer will be informed if, in the assessment by the Committee, it has failed to satisfy the ethical employment standard before disqualification occurs. The tenderer will have an opportunity to provide additional information at that time.
