Moonlit Sanctuary is a certified Eco Tourism destination within an hours travel of Melbourne CBD specializing in guided evening tours, showing rare Australian animals. It is an accredited operation actively engaged in attracting overseas tourists. Over 60 percent of our visitors are inbound tourists. We have a very high customer satisfaction response which encourages us to persevere with our work.

We market through International Trade missions, regional Promotions and The A.T.E. ( Australian Tourism Exchange ).

Victorian accredited Tourist businesses need support and funding. Wildlife Parks are difficult and expensive to operate. We pay both Australian and Victorian Tourism to attend A.T.E. whereas W.A., S.A. and Tasmanian operations are sponsored by their governments.

We need more directional road signage and better public transport access ( from Frankston Station ). We look forward to co-operating with The Cranbourne Royal Botanic Gardens.
