

**PARLIAMENT OF VICTORIA**

## **ROAD SAFETY COMMITTEE INQUIRY INTO VEHICLE SAFETY**

### **CALL FOR SUBMISSIONS**

The Parliament of Victoria, Road Safety Committee is conducting an inquiry on vehicle safety.

The Committee is to inquire into, consider and make recommendations on: those vehicle safety technologies that have the most potential for reducing crashes; the level of safety provided by these leading edge technologies compared with the minimum regulated standards; the rate of fitting of these leading edge technologies in Australia compared with that of other developed economies and identify any impediments that discourage their adoption; review the level of manufacturers/importers not fitting vehicle safety technologies commonly available overseas to vehicles imported and sold in Australia; seek advice from high volume local vehicle makers and vehicle importers as to when the vehicles in their product ranges will have these high priority vehicle safety technologies; and strategies to encourage vehicle manufacturers to fit leading edge vehicle safety technologies to vehicles sold, as well as increasing the public's knowledge and demand for these technologies.

A copy of the Committee's Terms of Reference can be obtained by telephoning 03 9651 3500; by email: [rsc@parliament.vic.gov.au](mailto:rsc@parliament.vic.gov.au) or from the Committee's website <http://www.parliament.vic.gov.au/rsc>

The Committee invites written submissions from individuals and organisations addressing the Terms of Reference. Submissions should be sent to the address below by **11 May 2007**. All submissions are treated as public documents unless confidentiality is requested.

The Executive Officer  
Road Safety Committee  
Level 8, 35 Spring Street  
MELBOURNE VIC 3000
