NOTICES RECEIVED ON 31 OCTOBER 1996

188. **MR LONEY** - To ask the Honourable the Treasurer:
1. What system is in place to prevent a distribution company from using a lower Distribution Use of System (DUOS) charge to retain a non franchised customer from the predation of another independent retail licence holder.
 2. Whether the Regulator General has received any complaints in regard to variation in DUOS charges from any retail licence holders other than the parent distribution company retail operation or from any customer who has been offered a variation in DUOS charges from different retailers.
189. **MR LONEY** - To ask the Honourable the Treasurer:
1. Who has the responsibility to ensure that the competition conditions provided for in the Pool Rules and System Code are adhered to at all times.
 2. Whether any complaints have been received and investigated; if so, how many.
 3. Whether the Victorian Power Exchange (VPX) has responsibility in ensuring that there are similar uniform charges to similar contestable customers.
 4. Whether businesses from the 1996 tranche of contestable customers have opted to trade independently, as distinct from accepting the default tariffs offered by their pre-franchise supplier; if so, how many.
 5. What percentage of contestable customers from the last tranche of customers still remain on the default tariffs provided by the relevant pre-franchise supplier.
 6. How many high voltage customers protected to the year 2000 have opted to become contestable and how many of these customers are trading in their own right.
 7. What are the access rules for retail licence holders to access contestable customer information.

8. What information is being made available to retail licence holders on request to - (a) the Regulator General; (b) VPX; and (c) distribution companies.
9. What mechanisms are in place to protect the retail licence holders who do not own a twenty percent interest in a power station.

190. **MR LONEY** - To ask the Honourable the Treasurer:

1. What response has the Victorian government made to the New South Wales legislation in regard to restricting the sale of energy into the New South Wales market from environmentally inefficient power stations.
2. When are the distribution company owners going to separate their accounts into energy costs and fixed asset costs and where the information is publically available to assess the performances.

191. **MR LONEY** - To ask the Honourable the Treasurer, in view of the draft Victorian Power Exchange Annual Planning Review 1996 indicating that the move towards the national east coast market increases the potential for protection problems, dynamic and transient instability problems and frequency variation between the South Australian, Victorian and New South Wales interconnectors, switching yards, capacitors and transformers involved in the transfers between the states, what program and expenditure has been proposed to minimise these problems.

192. **MR LONEY** - To ask the Honourable the Treasurer, whether Victorian energy consumers should pay for Value of Loss of Load (VoLL), brought about by interstate trading as an end in itself and which is distinct from the previous role played by interstate trading, which in the main was the system providing reliability, backup and spinning reserve and further complicated by the fuel supply issues to the gas fired power stations, with some of the proposed reforms to the gas industry inhibiting the role played by gas fired stations in providing a rapid response to changes in energy demand; if so, why.

193. **MR LONEY** - To ask the Honourable the Treasurer:

1. In light of the privatisation of Victoria's electricity industry, what agreements are in place to ensure a co-ordinated response to, and resourcing of, the resumption and making safe of electricity supply to - (a) industry; and (b) domestic customers, following a major bushfire.
2. What level of fire insurance cover has the Government insisted must be met by the privatised electricity distribution companies and Powernet.

LEGISLATIVE ASSEMBLY OF VICTORIA

QUESTIONS

NOTICES RECEIVED ON 14 MAY 1996

43. **MR PANDAZOPOULOS** - To ask the Honourable the Premier, in relation to the recent advertisement criticising arts funding to Victoria, whether he will provide details of - (a) cost of advertisements; (b) dates advertisements were placed; (c) placement of advertisements; and (d) to whom the contract was awarded and whether tenders were called.
78. **MR PANDAZOPOULOS** - To ask the Honourable the Premier, in respect of each department, agency and authority within his administration, for the periods 2 October 1992 to 30 October 1993, and 1 June 1994 to 23 November 1995, what the details are of each consultancy commissioned, indicating - (a) date; (b) cost; (c) purpose; (d) name and address of consultant; (e) recommendations made; (f) action taken in response to any recommendations; and (g) whether tenders were called.

NOTICES RECEIVED ON 31 OCTOBER 1996

188. **MR LONEY** - To ask the Honourable the Treasurer:
1. What system is in place to prevent a distribution company from using a lower Distribution Use of System (DUOS) charge to retain a non franchised customer from the predation of another independent retail licence holder.
 2. Whether the Regulator General has received any complaints in regard to variation in DUOS charges from any retail licence holders other than the parent distribution company retail operation or from any customer who has been offered a variation in DUOS charges from different retailers.
189. **MR LONEY** - To ask the Honourable the Treasurer:
1. Who has the responsibility to ensure that the competition conditions provided for in the Pool Rules and System Code are adhered to at all times.
 2. Whether any complaints have been received and investigated; if so, how many.
 3. Whether the Victorian Power Exchange (VPX) has responsibility in ensuring that there are similar uniform charges to similar contestable customers.
 4. Whether businesses from the 1996 tranche of contestable customers have opted to trade independently, as distinct from accepting the default tariffs offered by their pre-franchise supplier; if so, how many.

5. What percentage of contestable customers from the last tranche of customers still remain on the default tariffs provided by the relevant pre-franchise supplier.
6. How many high voltage customers protected to the year 2000 have opted to become contestable and how many of these customers are trading in their own right.
7. What are the access rules for retail licence holders to access contestable customer information.
8. What information is being made available to retail licence holders on request to - (a) the Regulator General; (b) VPX; and (c) distribution companies.
9. What mechanisms are in place to protect the retail licence holders who do not own a twenty percent interest in a power station.

190. **MR LONEY** - To ask the Honourable the Treasurer:

1. What response has the Victorian government made to the New South Wales legislation in regard to restricting the sale of energy into the New South Wales market from environmentally inefficient power stations.
2. When are the distribution company owners going to separate their accounts into energy costs and fixed asset costs and where the information is publically available to assess the performances.

191. **MR LONEY** - To ask the Honourable the Treasurer, in view of the draft Victorian Power Exchange Annual Planning Review 1996 indicating that the move towards the national east coast market increases the potential for protection problems, dynamic and transient instability problems and frequency variation between the South Australian, Victorian and New South Wales interconnectors, switching yards, capacitors and transformers involved in the transfers between the states, what program and expenditure has been proposed to minimise these problems.

192. **MR LONEY** - To ask the Honourable the Treasurer, whether Victorian energy consumers should pay for Value of Loss of Load (VoLL), brought about by interstate trading as an end in itself and which is distinct from the previous role played by interstate trading, which in the main was the system providing reliability, backup and spinning reserve and further complicated by the fuel supply issues to the gas fired power stations, with some of the proposed reforms to the gas industry inhibiting the role played by gas fired stations in providing a rapid response to changes in energy demand; if so, why.

193. **MR LONEY** - To ask the Honourable the Treasurer:

1. In light of the privatisation of Victoria's electricity industry, what agreements are in place to ensure a co-ordinated response to, and resourcing of, the resumption and making safe of electricity supply to - (a) industry; and (b) domestic customers, following a major bushfire.
2. What level of fire insurance cover has the Government insisted must be met by the privatised electricity distribution companies and Powernet.
