

5th December 2003

To Lucy Maloney/Towards Healing,

I wish to seek compensation for the ongoing pain and suffering that I am forced to endure because of the sexual and mental abuse that I suffered at the hands of BR.BERNARD HARTMAN, SOCIETY OF MARY from 1973 until 1976.

I am now unable to work and can no longer participate in many of the fun activities with my children. I am in physical pain and suffer mental anguish every day. I never get a break, day after day after day. At night I suffer with aching limbs and headaches often so badly that I need to medicate myself, sometimes with morphine. I try and avoid medications as much as possible. What sort of life would my children have if their mother were wiped out on amphetamines? My only other alternative is to suffer.

I suffer from Chronic Fibro myalgia. It appeared shortly after I disclosed of my abuse in 1999. I have enclosed information of this illness and how it affects ones life but it does not describe the incredible grief that one suffers at having an active life stolen from them. I also have enclosed all the relevant proof that what I am claiming is true.

I wish for this matter to be finalized as soon as possible so that I may put this unforgivable matter behind me and concentrate soaly on improving the quality of life for my family and myself.

Yours Sincerely
Mairead Ashcroft
