To Whom It may Concern.

I was taken off my parents with my brother and sister, about 1956, and taken to ROYSE PARK Boys Home, then thrown in to very hot water. The short time I was there, I was sexually assaulted by one male adult who traumatized me till I went to ST VINCENTS Boys Home. I reported this to a Mister [REDACTED] AND all he told me I was going to another PLACE.

"What happened to me has never left ME IN all those years"
