To Janine Bush.

Re my report for the Handling of Child abuse  
Janine I am sending you some more documents  
so you can understand what this has done to our  
lives and for the years 49 to put all my  
stuff together and track people down most of  
all social workers from the women's meetings  
with Centcare and Department of Justice.  
Documents with no truth to them they even  
added an extra case of carnal knowledge even  
after we were married and had a 2nd child  
they need to be held accountable for there  
action you can't label somebody a pedophile  
and think that's okay because they don't  
know the law my husband was 17 not 15 as in  
my documents to you I was 15 he was a minor  
in which he could not be charged laid against  
him but Department of Justice did not check this  
out or anything else my case has taken 49 years  
away from my family and my kids due to depression  
mental breakdowns and the ongoing fight to  
obtain documents [redacted] husband was  
also a social worker and a lawyer [redacted]  
is married to XMP [redacted] these are the  
people we are trying to deal with. [redacted]  
arranged my removal from the women's hospital  
even know they knew I was keeping my baby who  
is now 48. if I was not removed from the hospital

with out consent from myself or my family  
the Catholic Family Documents Don't even have my  
mothers name right infact they state my aunties  
name [REDACTED]

[REDACTED] and what  
about all the young fathers like ourself's who  
went on to marry and had no idea they are listed  
as sex offenders unless they apply to work  
with children as my husband did. So Janine  
the Heart Breaker to come out of this will  
mean thousands of babies not with there real  
mothers and it is going to come out I have told  
the women they are not getting away with it  
and the so called [REDACTED] - [REDACTED]  
[REDACTED] are well aware of all of this and did  
nothing. [REDACTED] and [REDACTED] who was  
the Hospital Lawyer back on Tues 29/9 2008<sup>2009</sup> when  
I meet with them at 11 Am. The words out of there  
mouth was Jennifer the social work Department  
and Catholic Family Welfare are responsible for  
your wrong doing and what happened to you meaning  
removal from the Hospital illegally holding me against  
my will at St Joseph's my Paper are marked &  
obscured if [REDACTED] did NOT have me  
removed from the Hospital I would not have been  
Sexually abused.

Thank you.
