Legislative Council Economy and Infrastructure Committee

Transurban's categorisation and tolling of private use of utility vehicles

On 10 September 2025, the Legislative Council agreed to the following motion:

That this House requires the Economy and Infrastructure Committee to inquire into, consider and report, by April 2026, on Transurban's categorisation and tolling of private use of utility vehicles including:

- (a) the financial burden placed on owners of these vehicles;
- (b) differences in the categorisation of these vehicles in NSW;
- (c) whether this categorisation is justified in light of:
 - (i) the profits derived by Transurban from its CityLink tollway; and
 - (ii) toll increases from July 2025.

On 17 February 2026, the Legislative Council resolved to extend the reporting date to 30 September 2026.
