To Whom It May Concern,

I don't live in Victoria, but live in Tasmania. I am hoping that sometime in the near future, all states of Australia allow people to die with dignity. I have seen friends, with cancer, suffer unspeakable pain and their families suffer watching them. It isn't right and when we have the ability to help them, if they wish, then, it should be done. I hope when it is my time, I don't have to suffer and have my family watch with their hands tied.
