

**Subject:** Euthanasia is not a choice

any time a life is taken by the hands of a human being this is murder. Whether a person takes his own life or allows someone else to do this. We are not God, to determine when we die or live. When we start making this mistake our whole lives will change for the worst. There will end up as no compassion in this world. Because we will end up not allowing any kind of suffering to the point of killing rather than caring for anybody. It is a slippery slope . Please do not allow this to happen for the love of humanity.
