Of course the law must change. Debate will allow the whole community to consider the issues. The whole community, regardless of age, must consider the issues. We all die. Dying must not be hidden away.

I do not live in Victoria, but my friends and I have been told that everyone can send a submission. I belong to four organisations dedicated to end-of-life issues : Exit International, Dying with Dignity NSW, the Voluntary Euthanasia Party, and Christians for Voluntary Euthanasia.

That is all.

Evelyn Maack
