Subject: Dying with dignity

I would like you to consider all the benefits of being able to be able to die when all medical help has been exhausted and person is in severe pain.

This was the situation of my wife who took 20 days to die, and was in severe pain even under palliative care.

We do not allow our pets to suffer and the vet can put them down, however our loved ones we deny them the same right because it is the law.

Change it now!!!!
