23rd July 2016

To the Secretary
The Legal & Social Issues Committee.
Lilian Topic

We wish to oppose any legislative change to allow assisted suicide or euthanasia.

At present we have a great campaign against family violence in the home

How can we be surprised at this violence when we have no respect for life

We abort fully grown babies and now we want to continue on the killing path with euthanasia

We know it is supposed to be assisted suicide but how long will it be more of getting rid of elderly and unwell!

Are we any better than the I.S terrorist?

Thank you

Yours sincerely
