Please enact a law which allows terminally ill people the legal right to end their lives with dignity and surrounded by their loved ones . We put our human beings through so much suffering and pain in some cases - and we wouldn't let our pets suffer like this . At present such a lot of people are either forced to die a long and utterly miserable and painful death or take their own lives in solitude and desperation . This is deplorable - we need to address this very difficult and challenging issue - PLEASE !!!!!
