To Whom It May Concern,

My name is Saban Gunsay. I am one of the victims of the 2017 Taxi Reforms.

Since the Victorian Government took my taxi license off me, I have been struggling mentally and financially.

I purchase my taxi license back in 2004 for \$343,000. I paid interest on it for 12 years. I worked all my life for this license as it was going to look after me during my retirement. Forget retirement, the \$100,000 given is barely enough for a deposit of a house.

That license cost me close to \$500,000 with interest. So I was left out of pocket for about \$400,000. Where is the justice in this? I've worked hard for 40 years and that just got taken off me with one bad decision.

I would like to express my frustration as you took my whole livelihood. I was a driver for 30 years. I have no other qualifications or skills to take up any other job.

Please feel free to contact me anytime on:
