

Darryl Quinlan owner operator one licence Ballarat
did you know that urban taxi license traded in
Ballarat for 20,000 dollars in 1970's a friend of
ours brought four licences in Ballarat for under
100,000. We brought one license in Ballarat for 400,000
In 2009 The Government took our urban licenses
back and paid us 100,000 transition Payment So my
friend got 400,000 for a 100,000 outlay a \$
300,000 Capital Gain. We got 100,000 back for
a 400,000 outlay 300,000 Capital loss for the
same licence in that fair. 2011 licenses trading for
500,000 Plus So our friend used his license as
collateral to buy Property. A fairness fund was
set up to pay our losses with we both applied
only to receive a letter that you don't meet our
Criteria you get nothing our friend got money
from the fairness fund because of his Bank loans
and also a 300,000 transition Payment do you think
that's fair. Do you know what it's like to have your
lifesavings stolen sent broke by over supply
of taxis you can't sleep your health goes down
hill you can't trust any one you've failed someone
has taken your will to live you've been handed
a life sentence its criminal what you have done
to ^{our} family. life savings are bits and pieces you
accumulate over time Wills from our Parents
even the Death of our daughter her estate contributed
to that taxis license We are close to retirement
no Superannuation no income We are bankrupt
thanks to our Australian Government our friend
with the four taxis license is a multimillionaire
thanks to you how can you give someone a
Capital gain and us Capital loss?
