Subject: Taxi industry deregulation

Hi my name is Murat Demir,I was a taxi plate owner and taxi driver but still i m driving taxi. I had a big impact about taxi industry changes,I have been this industry since 2005 and I bought my taxi license 2007 .After government introduced new regulations my income went down my wife and 9 years old my daughter started blame you are stealing our money,you were making more money and now you're not be able to pay our mortgage, and not very long she's kicked me out from home since 15 April 2016 and I have been renting a room since that day. I have a 10 year old son and 12 year old daughter and I can not seen them since 3 years because of deregulation about taxi industry. I lost my family, I lost my assets, I lost my roof basically I lost everything. I was seeing psychologist 2 years,government told me to help with accomodation and they were never responded my emails ,thanks ,regards Murat Demir
