Hi my name is Kevin Gubbins and I bought a licence on 18 July 1976 I purchased and operated only one licence [REDACTED] It cost me \$15500 (a house a car and furnishings)I operated the licence myself until 1999 when ,due to ill health ,I leased it out This enabled me to take care of my parents.At the end I was getting \$30000pa which dropped down to \$10000 at the end.I applied to the fairness fund but was rejected This meant that from being self funded retiree I ended getting half a pension I lost \$30000 due to Uber's illegal entry to the market and about \$250000 on the true value of the plates I worked hard in this industry with little government support ,especially at the end .My name is Kevin Gubbins of [REDACTED]
