Q1:I am a taxi driver

Q2:There are no jobs because of Uber has taken a lot of our jobs and we have to pay depot fees, insurance, maintenance and many more. We aren't getting enough jobs to cover all of these costs.

Q3:I haven't been making as much money as I used to, i struggle to make a 100 a day clear which is not fair.

Q4:They make the law for them selves to make money from us and why did they take license from us and take the money back \$1.10 each fare and keep putting taxis on the road to get more money from us. Even we have to renew the ID every year now so they can get more money when it used to be every three years. We have to pay depot fees \$665 to give us jobs and now no jobs and \$100 extra for what! Why do we have to pay this money?
