

Addendum

Inquiry: Inquiry into Electricity Supply for Electric Vehicles

Hearing Date: 12 February 2026

Received Date: 26 February 2026

From Jo Oddie, Vice President, Australian Electric Vehicle Association

In response to the question from Ms Deeming (p22.) I said “*To my knowledge we have not received government grants – I can find out about that historically – but certainly not at the moment. We are [operate?] with our own members’ money.*”. I have since learned that some of our Branches have received small grants from some State and Territory Governments, mostly to run electric vehicle display events, delivering the government outcomes intended by the granting processes. We intend to compile a list of such grants and grant acquittals and to maintain such a list into the future.
