Questions on notice and further information

Hearing Date: 25 August 2020

What time from the first cases announced to the school (Al Taqwa) did the school close?

It is the IEU's understanding that the staff at Al Taqwa were notified on Saturday 27 June (the day after Term 2 finished) that a staff member had tested positive and that their last contact with a wide range of staff and students had been Monday 22nd June (after two weeks of the school being back onsite). The school's advice to all staff was to get tested and self-isolate until test results were known – this was not really an issue due to it being school holidays.
