Question Asked to Cori Wilder:

If you are able to provide any notes from that meeting as well for the committee to look at and consider, that would be great, as well as the time and the date.

Response:

Victoria 2026 Commonwealth Games Geelong Regional Engagement Forum was held on 28 March and hosted by Victoria 2026. The presentation included an overview of the Games venues across Victoria and an introduction of the legacy discussion as most of the attendees were from local government (Councils, Housing Authorities and suppliers). I had to leave early. The follow up was a thank you and next steps overview in planning and discussion. The actual next thing I heard was the Games being cancelled. Within a few days, another notice to the same group was distributed and an invitation to attend in person which I was not able to do at the last minute. The email contained the attached information on funding that would be redistributed to address the lost legacy in not hosting the Games.
