Question Asked:

Joe McCracken: Okay. So you met with Ros Spence who was the minister at the time. Did you meet with any other ministers at all with regard to the Comm Games?

Lisa Hasker: No, no. We were about to meet with the minister around volunteering, so Minister Shing. That portfolio has obviously now changed. It has come back to Ros, which is a good connection now, but we were mainly talking to Ros Spence, our minister at the time.

Joe McCracken: Okay. Are you able to just provide us with a list of when you had any meetings with them?

Response:

There were no other meetings with other Ministers in regard to the Commonwealth Games.

We were scheduled to have a meeting with Minister Shing at some stage, however it was postponed due to illness and then soon after the Games were cancelled.
