### Questions.

1. MR. BENT: To ask the Honorable the Minister of Railways when the Railway Department will afford facilities for the public to travel by rail to Brighton.
2. MR. W. H. WILLIAMS: To ask the Honorable the Minister of Railways if he has come to any determination with reference to railway communication between St. Kilda and Brighton.
3. MR. SMITH: To ask the Honorable the Premier if he has considered the question of the publication of a daily *Hansard*; if not, will he inquire as to the cost and practicability of the same, and inform this House of the result of his inquiries at an early date.
4. MR. BROMLEY: To ask the Honorable the Premier what provision is being made to provide work for the unemployed.
5. MR. HENNESSY: To ask the Honorable the Attorney-General—
  1. Is the office of Police Magistrate within the *Public Service Act* 1890.
  2. How many Clerks of Courts were in February last duly qualified, according to law, for the office of Police Magistrate, and what are their names.
  3. Is the office of Coroner within the *Public Service Act*.
  4. What qualifications are required by law for that office.
  5. How many Clerks of Courts appointed Police Magistrates since 1889 have been appointed Coroners also.
  6. Have such Coroners performed their work satisfactorily.
  7. How many Clerks of Courts so appointed have not also been appointed Coroners.
  8. Will the Minister have counsel's opinion taken on the facts of the appointment of Mr. Robert Hodgson Cole as Police Magistrate, as to the legality of the appointment, and ascertain if a qualification not required by law can be attached to the Coronership and the latter position then added to the office of Police Magistrate, so as thereby to exclude officers who have fulfilled all the statutory requirements for the office of Police-Magistrate.
  9. In the event of the appointment being illegal, what course of action will be taken.
  10. Will the confirmation of the appointment be held over until the question of legality is settled.
6. MR. PRENDERGAST: To ask the Honorable the Chief Secretary if the following statement in the *Age* newspaper of 23rd May ult., *re* the delay in publishing Victorian statistics is correct:—"The acting Statist, Mr. Fenton, points out that in this State more detailed information is being supplied than in New South Wales; the chief cause of the delay, however, seems to be due to the fact that the staff comprises many men who do not possess the necessary qualifications for the work they are required to perform; all sorts of influence and pressure were brought to bear to secure their appointment, with the result that many were thrown into positions for which they are totally unfitted, lacking the necessary ability, training, and experience, and they are both slow and inaccurate. The inevitable consequence, as may well be imagined in regard to statistical work, where accuracy is the first essential, is long delay. In Sydney the common-sense plan of selecting the staff by examination was adopted, and of course a more competent staff was obtained. It is officially stated that the experience both in New South Wales and Victoria is that young men are better fitted for the work than old men. The local staff it is explained contains a number of recalled pensioners and other elderly men, whose slowness greatly retards the completion of the Census."
7. MR. GRAHAM: To ask the Honorable the Minister of Agriculture if his attention has been called to the collapse of the Fresh Food and Frozen Storage Company, and the proposal to sell the assets to a syndicate for a nominal sum. In view of the fact that the Government has paid upwards of £25,000 in bonuses to the said Company, and the widespread dissatisfaction expressed by hundreds of farmers who are shareholders, will he cause a searching inquiry to be made as to the accuracy of the balance-sheets since the passing of the amending Companies Statute.

### NOTICE OF MOTION (to take precedence):—

1. MR. IRVINE: To move, That this House expresses its emphatic disapproval of Ministers signing their resignations and continuing thereafter to administer their Departments.
