Dear Secretariat

From my recollection, there was only one item I undertook to revert on (noting it was a rapid-fire exchange towards all participants at times).

In terms of our engagement with government on the abovementioned amendments, UDIA was consulted through a series of working groups with representatives from the Department of Transport and Planning. We provided a submission to the ten pilot activity centres through the public consultation process. UDIA was not given an advanced copy of the amendments.

I trust this information fulfills my undertaking.

Yours sincerely

Linda Allison
