

## COMMUNITY SAFETY

### Community Safety QoN

Public Accounts and Estimates Committee  
Inquiry into the 2026-27 Budget Estimates

---

#### RESPONSE TO QUESTIONS TAKEN ON NOTICE

<b>Committee member:</b>	<b>Aiv PUGLIELLI</b>
<b>Pages of transcript:</b>	<b>Page 7</b>

#### Transcript extract: Page 7

**Aiv PUGLIELLI:** Thank you, Chair. Good afternoon, Minister and officials. Budget paper 3, pages 5 to 9, show the community safety package totalling \$517 million until 2029–30 – over half a billion dollars. Of the initiatives in that package, though, if you can help me out: from what I can see, I cannot see any of them directed to an Aboriginal community controlled organisation. Can you just confirm for me how much funding ACCOs will receive from that community safety package?

**Anthony CARBINES:** I will just have a bit of a check; otherwise I can take it on notice and provide you with that level of detail. The Secretary might want to add something there.

**Emma CASSAR:** I have got the entire line figure, but I will probably have to come back to you with what is specific for ACCOs. 'Delivering serious consequences and keeping the community safe' – over the five years it is \$304.9 million, so that captures that in. But unless Mr Kyriakopoulos can come back with the specifics –

**Bill KYRIAKOPOULOS:** I do not have the specifics.

**Anthony CARBINES:** We can get a further breakdown.

**Question:** What funding within the *Community Safety Package*, allocated over 5 years, is allocated to Aboriginal Community-Controlled Organisations (ACCO)?

#### Response:

The Government has allocated over \$100 million in funding through the *Community Safety Packages* in the 2025-2026 and 2026-2027 budgets.

**The Hon. Anthony Carbines MP**  
**Minister for Community Safety**  
**Leader of the House**
