Dear Clerk of the Legislative Council

### **PETITION TABLED IN THE LEGISLATIVE COUNCIL**

The proponents of the Hydrogen Energy Supply Chain project (HESC) are currently undertaking studies to determine the environmental, commercial and technical feasibility of the project.

The proponents and the Victorian Government have not yet made a decision to proceed with the project. The Government will undertake its own due diligence and analysis to ensure that the project aligns with government's commitments on climate change and other environmental policies and priorities and the technology can be effectively implemented in Victoria.

Yours sincerely

**Tim Pallas MP**  
**Minister for Economic Growth**
