Dear Clerk

Production of documents – redevelopment of public housing towers

I refer to the Legislative Council's resolution of 15 November 2023 requiring the Government to produce the following documents:

all documents relating to the redevelopment of the public housing across any of the 44 high-rise public housing sites, including but not limited to:

- a. those that provide a rationale for the decision to demolish and redevelop the 44 high-rise public housing buildings and associated sites, including documents exploring*
- b. alternatives to demolition, including refurbishment and renovation;*
- c. assessments of the condition of current public housing buildings;*
- d. feasibility studies on the cost and options for refurbishment and renovation;*
- e. assessments and modelling of the maximum number of public homes that can be rebuilt on each public housing building site;*
- f. cost modelling and carbon footprint assessments for the demolition plan versus any alternative options – for example, refurbishment – including a breakdown of costs for public housing tower resident relocation, such as public housing stock acquisition or headleasing of private properties, removalist costs and amounts allocated to workforce redirection towards community engagement;*
- g. cost modelling for the public–private partnership approach in Victoria's housing statement – for example, public sector comparator;*
- h. those that provide a rationale for the decision to initially demolish the tenanted*
- i. buildings in North Melbourne and Flemington;*
- j. those relating to public housing tower resident consultation, including any information about whether any consultation occurred in the development of the demolition plan, and with whom – for instance, which organisations, representative bodies or individuals; and*
- k. those outlining indicative time frames for the demolition and redevelopment of the subsequent 39 towers to the five already announced.*

I confirm the Government responded to the Order by letter dated 19 June 2024, and tabled 12 documents for production, and noted that the Government, on behalf of the Crown, makes a claim of executive privilege in relation to 146 documents in full.

For the avoidance of doubt, I note that the Government's response to this Order is responsive to categories (a) to (i) of the Order (excluding email correspondence) and relates to documents in existence as at 15 November 2023, the date of the Order.

In accordance with Standing Order 10.03(1)(a), the Government has prepared a description of the 146 documents the subject of the claim of executive privilege in the attached schedule.

Yours sincerely

Jaclyn Symes MP
Attorney-General
Minister for Emergency Services
