Subject Proposed Fire Services reform

Dear Assistant Clerk Committees,

My Name is [Redacted], I am a professional fire fighter with the MFB and currently stationed at Station 24 East Malvern and live locally in Bentleigh.

I am writing this submission in support of the fire services reform.

I feel that the current fire service structure is out dated and inadequate. The proposed changes to the fire service will have a positive impact on all Victorians and their communities, growing communities within Victoria will get the level of service and protection that they are entitled to.

Victoria is a growing state with the population expected to double in the next 30 years, the fire services need to catch up with the current demands and expand towards the future.

I kindly ask that my name and email address remain private and confidential.

Yours Sincerely,

[Redacted signature]
