Subject Fire Services Reform

To whom it may concern,

My name is Mark Nicol and I have been a professional MFB firefighter for 10 years. I am currently based at Ormond fire station.

I write to express my support for the proposed fire services reform.

- Victoria's fire services boundaries have not changed significantly in 60 years. Under this outdated system, 35 areas are wrongly zoned as 'country', despite being heavily urbanised and residential. Frankston, Cranbourne, Dandenong, Craigieburn, Melton, Springvale, Boronia and Geelong are just some of the 35 'country areas'.
- These areas need to be modernised as they are highly urbanised areas as part of the reform of the fire service. A rapid 8 minute response, with 7 professional career firefighters on two fire trucks is the minimum standard needed in highly urbanised areas.
- All Victorian, professional and volunteer firefighters, deserve modern fire services that meet the needs of our growing communities.

To ensure the safety of all Victorians - including me as a firefighter, I ask you to please seriously consider your support for the proposed fire services reform.

Reform of our fire services will ensure the safety of your constituents, and all communities in our growing state. Additionally, it will ensure the safety of our firefighters and stop the ever increasing and unrealistic demand being placed on volunteer firefighters because of the enormous urban growth resulting in increased emergency calls.

I also respectfully submit that you give consideration to my request to modernise the fire service along with the introduction of presumptive legislation laws to protect fire service employees. Both are needed to be endorsed and implemented by Parliament before the commencement of the fire season. This is important to me and my colleagues.

I would also welcome the opportunity to meet with you in person to talk to you further about my personal experiences as a professional firefighter and why this reform is so important.

Kind regards,

Mark Nicol
