RE: INQUIRY INTO RECYCLING AND WASTE MANAGEMENT

The world is experiencing a severe waste crisis and we need to do our part.

I have a daughter and the current situation is causing me severe anxiety as I do not know what kind of future planet she will inherit.

Three simple steps could make a world of difference:

1. Investing in a Victorian recycling industry
2. Establishing a 10c refund on bottles and cans
3. Banning unnecessary single-use plastics

Please help.
