

RE: SUBMISSION REGARDING ANIMAL ACTIVIST BEING GIVEN HARSHER PENALTIES

I am happy to divulge my details privately. I cannot risk having my details made public because Farmers have been harassing me, my daughter and her friends.

We have evidence of the nasty things they say they are going to do to us written on a Farmers facebook page. These are angry individuals because good people do not like animal abuse. Instead of changing how they treat animals – they instead harass us and try to silence us.

There is no such thing as a human that loves another life and then destroys it horrifically. There is footage of baby pigs in slaughter houses being thrown against walls because the baby wants to be comforted and the workers are there to kill them – they are not in the business of comforting babies.

Baby goats at the Gippy farm having their heads smashed against walls and the bodies thrown next to the caged mother – this has to be brought to the attention of the public – **it is against human decency.**

WHY ANIMAL ACTIVISTS ENTER FARM PROPERTIES

The public HAVE THE RIGHT to know what they are paying for and choose between supporting the cruelty or not. The misery and cruelty to innocent mothers & babies has gone on far too long. Farmers are not going to come clean to the indecent way they treat these innocent souls who FEEL so much more than humans do – LOOK AT THEIR FACES in their cages, in slaughter house trucks and as they line up or are tied up to be killed – they are not carrots!

TOO MANY LIES ARE BEING TOLD ABOUT ANIMAL ACTIVISTS TO BLIND THE PUBLIC AND DISTRACT WEAK MINDS

Animal Activists work with a **strict code of conduct** and that is why everything is planned meticulously. Activists are always peaceful, are always covered up so as not to give farmers the excuse they are harming the animals (who is harming the animals? Wouldn't that be the Farmers) – if you look at the videos – only the activists are in suits – the farmers are not. The truth must be allowed to be shown – it is justice. The Lies are for the weak minded – the rest of us are disgusted with the cruelty.

THE RSPCA ARE MEANT TO BE ANIMAL ACTIVISTS BUT THEY HAVE SOLD THEMSELVES FOR 20 PIECES OF SILVER

If the RSPCA get back to being animal activists – then others would not have to show the cruelty

LET THE MEDIA INTO FARMS SO THAT ANIMAL ACTIVISTS DO NOT HAVE TO RISK THEIR LIVES

Animal Activists DO NOT WANT TO GO TO THESE FARMS – it is mentally and emotionally disturbing and dangerous. Activists have had their legs broken by farmers and their cars smashed. ATM people with Vegan stickers on their cars are having their cars smashed – when a human does not care what they do to innocent, vulnerable souls – they do not care about very much else either.

SILENCING US BY GIVING HARSH PENALTIES IS AGAINST OUR CIVIL RIGHTS – WE HAVE THE RIGHT TO KNOW AND SHOW OTHERS THE CRUELTY THEY PAY FOR

Throughout time there have been Activists – without them we would all be living in the dark ages and carrying out the most horrendous crimes and getting away with it. Activism opens minds and hearts and the only dangerous thing about it is the Perpetrator in this case Animal Agriculture who until now have gotten away with Cruelty and Cruelty MUST NOT BE ALLOWED TO EXIST in a HUMANE SOCIETY!

THE SOLUTION is to STOP CRUELTY NOT SILENCE THOSE WHO BRING IT INTO THE LIGHT

Martin Luther King said 'WE HAVE THE OBLIGATION TO DISOBEY UNJUST LAWS' – if the law protects abusers then we have the right to change those laws and it seems the only way to STOP the abusers is to show the public what they are doing. This will never end until Justice is for the abused NOT the abuser.

A social worker's job is to walk into the home of an abused child and remove the child from harm. Animals are child-like souls – We are meant to protect them not abuse them. Please FEEL for them – they are tied up, beaten, caged, have their babies stolen, their breast milk stolen and the babies murdered – the change is happening and will continue to happen – the solution is to STOP THE CRUELTY!
