Inquiry Name: Inquiry into Recycling and Waste Management

Ms Daniella Salazar

SUBMISSION CONTENT:

--

The Victorian government must take responsibility and implement a sustainable and efficient recycling system.

Why should another country be responsible for our waste?

Victoria is falling behind by not offering its citizens a modern waste management solution, for no reason at all. We have the resources and technology available to find clean and effective systems to deal with our waste. This wilful ignorance and negligence

is unacceptable. Please listen to us and do the right thing.
