Inquiry Name: Inquiry into Recycling and Waste Management

Dr Michelle Chow

[REDACTED]

[REDACTED]

**SUBMISSION CONTENT:**

--

More infrastructure and facilities for recycling need to be set up locally in Victoria and Australia so we can manage our own waste.  
Please enact a container deposit scheme for Victoria.  
More education and systems around separating recyclables needed.  
A full cycle system should be established whereby packaging and containers are manufactured with a full re-use/recycle loop process in mind, with appropriate facilities to back this up.
