### **Inquiry into Recycling and Waste Management**

Thank you for looking into recycling and waste management in Victoria. This issue concerns me because I live near Edgars and Merri creeks, and see huge amounts of rubbish ending up in our creeks – and that is just the visible part of the problem – not to mention the huge amounts of accumulated waste which we can no longer ship overseas for ‘recycling’.

I strongly support the proposals to shift Victoria towards a circular economy in terms of our waste management. To this end, I urge the Victorian Government to:
