Inquiry Name: Inquiry into Recycling and Waste Management

Dr Maria Godinho

[REDACTED]

[REDACTED]  
d

**SUBMISSION CONTENT:**

--

There should be in investment, involving research and ventures, into reuse of plastics; In other places such as Scotland organic waste (food leftovers, including bones) is being collected and re cycled so the government should endeavour to set similar systems The recycling system needs to be substantially upgraded and the public needs to be educated on how to improve the triage of materials and how to prepare them in order to reduce/avoid contamination which prevents appropriate recycling.
