Subject: Fracking - SHOULD NOT BE IN AUSTRALIA

Dear Committee members,

My name is Catherine Vick and I live in [REDACTED] and I am an Engineer. I am very concerned about unconventional gas mining will ruin Victoria. I DO NOT SUPPORT ANY FORM OF UNCONVENTIONAL GAS MINING (Start by introducing yourself (a little bit about who you are/ where you live/ what you do for a living/ why you're concerned about unconventional gas mining (including coal seam gas, tight gas, shale gas & underground coal gasification)).

I recommend that Victoria ban all unconventional gas drilling permanently. The benefits of a total ban gives certainty to existing industry (agriculture & tourism), making Victoria a more attractive place for investments in these industries plus new investments such as renewable energy. Which will create more long term jobs in sustainable industries.

Regards,
Catherine Vick
