

Local people dutifully expressed their deep concern re coal seam gas. Were the numbers for &against ever published? We have planted thousands of indigenous plants on our farm, some protected by a covenant .All protected by me!!!! I will never turn my back on the trees & wildlife. Mining rights over riding others rights must end. Please HELP!

Just as "Terra Annulous" was eventually overthrown so will the rights of miners so have dominion over all the land. But not at 320 pound ck.road. We paid for it & nobody will interfere .
