Gas submission 226

Spring St

Melbourne Vic 3002

RECEIVED 7 JULY 2015

I am a resident of the rural community of Forge Creek in the Shire of East Gippsland. I would like to submit my protest at having unconventional gas mining on my property + in my district.

I would like to look after our ground water which mining has known risks. I also didn't move to this area to be living near a mine field.

Yours faithfully  
Lesley Briggs.
