**Subject:** Fracking in Victoria

Dear Sir/Madam

This is a brief but heartfelt expression of my opposition to fracking in Victoria.

Our agricultural land is too precious to be put at risk by fracking . We have seen examples of that happening in NSW and Queensland- and other parts of the world.

There is no evidence that a Victorian gas industry will reduce costs for the consumer, not in an international market.

Let us be leaders in investing in and developing renewables, not continuing to invest in fossil fuels.

Sincerely,  
Elizabeth Horner
