> Subject: Parliamentary Inquiry into Unconventional Gas

>

>

> I am very concerned about using fracking techniques to access gas in Victoria for the following reasons-

>

> 1. Fracking potentially damages food producing land and water supplies. No amount of regulation will guarantee protection of the land and water- remember the fires at Hazlewood.

>

> 2. Investment in Australia needs to be in renewable energy. This is where sustainable job creation will take place

>

> 3. Accessing more LPG in Victoria will not make gas cheaper for Victorians. Prices are set by a global market.

>

> Please demonstrate leadership over this issue,

>
