Dear Sir

The entry of unauthorized persons on to my farm is a great bio security risk. It is also an animal welfare issue. Our family farm of 200 hectares, milk 280 cows, their milk is for human consumption. It also employs 3 generations of family. These intruders will effect the safety and welfare of all my family. Their entry onto our farm will bring unknown diseases and could effect our food products. We shop locally and so this contributes to the local businesses. We care for our animals.
