Confining, debeaking, dehorning, castrating, branding, tail docking, gassing, drowning, suffocating, stabbing, kicking, punching, whipping, killing, raping, all without pain relief, being laughed at, stealing babies, separating families of cows, sheep, horses, pigs, chickens, ducks, exploiting humans to cast aside their natural compassion for others with unsafe work conditions are just some of the atrocities and trauma which makes Victorian animal agriculture look bad. Too many beautiful lives depressed, disillusioned, angry and terrified by oppression and cruelty which is legal. This MUST change.

I suggest the government addresses the dark side of Victorian animal agriculture and makes 24 hour CCTV cameras mandatory in every shed animals are kept as slaves, not to be loved, but for humans' greed and love of money.

I suggest the government assists the dieing dairy industry by providing training and subsidies to our farmers to transition to fruits, vegetables, grains, herbs and/or flowers.

I suggest all government ministers educate yourselves on healthy nutrition where you will find animal products have no place inside our bodies.
