### YOUR SUBMISSION

#### Submission:

The events industry is a forgotten sector with aid from the Government. A billion dollar industry on its knees!

Unlike most industries such as hospitality, beauty ect, once restrictions were lifted these sectors had seen the immediate relief of income. When restrictions are lifted, the events sector requires months of planning which means most businesses will go months without a penny, this is a lot to ask for especially marking almost 1.5years of seizing operation. Something needs to be done as a relief package for the events sector!
