- Our company has been hugely affected, more so than most others. We have gone from turning over \$2million annually to now turning over \$100,000 max in a year.
- I have gone from roughly 8 FT and 5 PT staff, to zero and now just myself running the company.
- Our main customer is international tourists and they are now locked out. I have large business loans needing repayment and find myself in a difficult position.
- Our company has existed for 13 years now and had been growing steady or plateauing in 2019.

Kind Regards,
