---

I support Save Victorian Events' recommendations.

We need significant change. I have done 1 event since COVID kicked in. I have had many to be confirmed shows cancelled.

My last event prior to COVID was a fire relief event raising funds near Canberra. I helped raise funds for others.

Now I need help, once job keeper ends I have no idea where needed funds will come from.

I'm a freelance person ( with an Abn, but not registered for gst) and every single grant I have looked at seems to be written to exclude people like me.

Kind regards,

Damien Young
